## THE OCTOPUS.

What is an Octopus, papa.  
That crushes people dead?  
A thing with awful cloven hoofs  
And horns upon its head?  
Or is it something like a fish  
That has no tail or fin,  
And full of awful suckers that  
Just pull the people in?

No, no, my son, not at all!  
You see him every day.  
He rides about in palace cars  
And goes to church to pray.  
He always wears the best of clothes  
And bears an honored name.  
You're thinking of the Devil Fish,  
But they are much the same.

The man who grinds the people down  
Is heartlessness and greed;  
Who eats the bread that others earn  
And fattens on their need.  
Who crushes hope from out the poor:  
Lives off, despising us:  
This is the modern Devil Fish,  
The real octopus.

## Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by all Druggists.

He. My wife bought me a shirt here yesterday; she I change it at this counter?

She—Well, I should say not. You will find the dressmaker room at the end of the aisle.

## What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25c at Penny's Drug Store.

In Peru is found a singular plant capable of quelling hunger or thirst for several days. It is named erythroxylon coca. The plant appears to narcotize the nerves of the stomach and suspend the digestive functions without affording nutriment.

"Two cigars a day will buy you a home in 25 years," declares an anti-tobacco writer, and yet some persons have smoked six a day and are not able to pay their rent, facetiously remarks the Louisville Times.

A protracted meeting began at the Christian church Monday night, conducted by Revs. J. Q. Montgomery and W. G. Montgomery.

A large crowd attended the sale of Rev. J. B. Ferrell Monday and Wednesday. Bro Ferrell and family left for their old home in Larnie county, much to the regret of their many friends made during his three years' pastorate of the Middleburg and Liberty churches.

A drouth is on in this section the drier of the season. Late upland corn will barely make provender. A sprinkle fell early Wednesday morning laying the dust, the first in several weeks. Green river is lower than it has been this summer and is little more than a series of stagnated pools.

Our people were shocked early Tuesday morning when the wires brought the sad intelligence of one of the most shocking tragedies that has occurred in our county in many years, when Johnson Elliott, a neighboring farmer, shot and instantly killed Rev. Hardin W. Hatter in the woods near Poplar Hill.

Elliott, grandfather of the writer, and a veteran republican was 82 years old Monday. Grandfather cast his first vote for the "Great Commoner" way back in '41 when James K. Polk was elected president. He was a republican from principle, having come from as strong a family of democrats as ever stamped under a rooster and another redeeming feature, he has crossed over for many a good democrat when he thought that party had nominated a man more deserving and better fitted for the office than the nominee of his own party.

## DEMOCRATIC TICKET.

For President,  
ALTON BROOKS PARKER,  
of New York.  
For Vice President,  
HENRY G. DAVIS,  
of West Virginia.  
For Judge Fifth Appellate District,  
JUDGE JAMES E. CANTRILL,  
Of Georgetown.

AN Owensboro preacher said in a recent sermon that it is a delusion to believe that women are better than men, for every time you find a mean man a meaner woman is associated with him. This is the same old Adam cry. The woman did it, it is still the excuse of erring men. It is a very cowardly one. There are women meaner than hell itself, but they are the exception. Women are naturally to every respect better than men. They are first in every good word and work and a very present help in time of trouble. They fill the churches and minister to the sick and afflicted. They will also fill heaven, where if Sam Jones knows whereof he affirms, there won't be a sufficient number of men to furnish the base for the singing. The Owensboro preacher needs to make an humble apology to the sex he has so meanly slandered.

THE republicans, it is stated, will centre their efforts in Kentucky on the Fifth Congressional district. A number of speakers of national note, including Secretary Taft, will be paraded on the stump, while money will be as plentiful as if it grew on trees. And all this and more too will not defeat the young Statesman, Hon. Swager Sherry.

It is reported that Thomas E. Watson, the populist candidate for president, is to become editorial writer in New York after the campaign with a salary of \$20,000 per annum. If Tom can get that salary he had better throw up his job of rainbow chasing and take it now. He would then be able at least to know "where he is at."

DUN'S and Bradstreet's both show a slight increase in commodity prices between August 1 and September 1. Provisions, groceries, breadstuffs, fruits, etc., showed most of the advance. The general level of values is 37 per cent. above the low water mark touched in July, 1893, during the free silver panic.

N. D. MILES, of Jessamine county, was nominated for Congress in this district by the republicans at Nicholasville Wednesday, there being no other candidate before the convention. The nomination was a cut and dried affair.

JOHN W. YERKES thinks he can carry Kentucky republicanism with four speeches from himself. At least he is going to try and do it with that number.

That charivari of last week was the first in this section for many years. The boys kept up a din that was heard at quite a distance. After an hour of noise the merry-makers withdrew to serenade Bob Garrison and Leonard Nave, who enjoyed the silvery notes of midnight music.

While cutting posts in his yard J. H. Kigby found a dead cedar bush, which was completely enclosed by two large cedars that had grown from the ground up for a distance of four or five feet. There were knots and saw-marks which show that it had been pruned at one time. The only satisfactory explanation to account for this freak of nature is that the bush was killed by fire, when the residence of Wm. Greene burned nearly 30 years ago and that a young cedar tree started on opposite sides and finally united.

The widow of Gov. J. W. Stevenson, is dead at Covington, at the age of 80 years.

The jury failed to agree in the case of John Breeden for the murder of Jesse Pinkney at Jellico, standing seven for conviction and five for acquittal. Centre College opened Wednesday at Danville with a larger number of students to attend than the institution has had since its consolidation with Central University.

"Uncle Jimmy Brewer, an old and highly respected citizen of near Middleboro, was found lying dead on the floor of his home. He was 83 years of age and had lived alone since the death of his wife 16 years ago. It is thought his death was sudden and due to infirmities of old age.

The body of a man named Harris, formerly a brakeman of the L. & N., was found in a vacant lot at Lebanon Junction and all the indications point to a murder, though no clue has been discovered regarding who did the killing. The body had evidently been at the spot where it was found for several days, as it was in a decomposed condition.

The colored waiters at the Commercial Hotel, Harrodsburg, went out on a strike for higher wages. They made a demand on Mr. John O. Vanarsdall which was turned down, and returned to their duties apparently satisfied, but just as the noon meal was served and the guests were seated at the table and the first orders given, they put on their coats and left the establishment. Mr. and Mrs. Vanarsdall and the clerks immediately took their places, and the waiting guests were served with very little delay.

### MATRIMONIAL.

Dr. C. M. Murrill, of Sabula, Ia., and Miss Irene Dehoney, of Columbia, were married at the latter place Wednesday.

The marriage of Allen Yeager, who recently resided in this city, and Miss Maud Gibson, of St. Louis, was solemnized in Louisville Monday afternoon. —Advocate.

The rapidity with which Gov. Bob Taylor gets out and into the matrimonial harness proves him to be as handy in such matters as he is with "the fiddle and the bow," says the Lexington Democrat.

A Campton dispatch says: W. T. Tolson, has filed a suit for divorce, and the case will be tried at this term of the circuit court. Tolson has been married six times, and all of his wives are alive at this time except No. 5.

Rowland, which was celebrated at the First Presbyterian church Wednesday afternoon at half past two o'clock. After the wedding Mr. and Mrs. Rowland took the four o'clock train for the East. —News.

J. R. Carrier, of Eubanks, has moved to the H. H. Walls house and he aims to put up a blacksmith shop in our midst. Mr. N. P. Wright, of Bee Lick, has moved to his place, recently bought of J. M. Young.

John Reed and other parties sold some shoats at 3c. J. M. Young sold the remainder of his farm to Roy Stewart for \$100. Mr. J. M. Atkins sold his farm to Mr. James for \$1,200. We hope that Mr. Atkins will find another location and remain in our vicinity.

J. M. Young and wife left Sunday for Bedford, Ind., where they intend to make their future home. M. O. Bryant and family, of Burnside, are visiting their relatives here. Miss Annie Delaney, of Lexington, came over to visit Mr. A. A. Bastin and take in the reunion. Brac Godbey, of Joyce, was here last week. Eliza Goodpaster has been at home a few days. ### Only Did His Duty as He Saw It.

"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. Wiley Park, the well-known merchant and postmaster at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not do without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). You are at liberty to use this testimonial as you please." Sold by all Druggists.

The Lexington Democrat makes a great campaign offer of its Sunday and daily edition from now until after the November election for \$1.
